# Homework

# Homework

- For today's homework, you will practice some more JavaScript codes, specifically on *addEventListeners*. The file for this homework is provided, so please download **wk3-day3-homework.html** from the lesson portal at GAP.
- Create a new repository **M1-W3-D3-Homework** in your remote Github. Clone this in the WESTCLIFF folder on your desktop. Move the html file you had downloaded into this clone folder.
- Launch VS Code and navigate to this folder.
- This file already contain the HTML markup and contents that you need. You only need to focus on JavaScript.
- There are 5 exercises on the page. The first one is already done for you. Your task is to write scripts to make the rest work.

# Homework

- Here are examples of the test result when completed:

Square this number: 3 Calculate

Half this number: Calculate

Fraction: Whole: Calculate

Integer: Calculate

Calculate area of circle with radius: Calculate

The result of squaring the number 3 is 9

# Homework

- Here are examples of the test result when completed:

Square this number: [ ] Calculate

Half this number: [12] Calculate

Fraction: [ ] Whole: [ ] Calculate

Integer: [ ] Calculate

Calculate area of circle with radius: [ ] Calculate

Half of 12 is 6

# Homework

- Here are examples of the test result when completed:

Square this number: [ ] Calculate

Half this number: [ ] Calculate

Fraction: 25 Whole: 100 Calculate

Integer: [ ] Calculate

Calculate area of circle with radius: [ ] Calculate

25 is 25% of 100

# Homework

- Here are examples of the test result when completed:

Square this number: [ ] Calculate

Half this number: [ ] Calculate

Fraction: [ ] Whole: [ ] Calculate

Integer: 9.7108 Calculate

Calculate area of circle with radius: [ ] Calculate

The nearest whole number of 9.7108 is 10

# Homework

- Here are examples of the test result when completed:

Square this number: [ ] Calculate

Half this number: [ ] Calculate

Fraction: [ ] Whole: [ ] Calculate

Integer: [ ] Calculate

Calculate area of circle with radius: [2] Calculate

The area of circle with radius 2 is 12.566370614359172

# Homework

**Due:**

On or Before Next Class

**Submit:**

Post Github URL link on GAP Week 3 Day 3 Homework
